

CONFLICT OF INTEREST

All select vestry members should be aware of the possibility of conflicts of interest, what they could mean for the parish and how they should be managed.

Every declaration of interest shall be recorded in the minutes.”

INTRODUCTION TO CONFLICTS OF INTEREST

Members of the select vestry are under a duty to act in the best interests of the parish. This duty must take precedence over an individual's interests. A conflict of interest arises when the personal, family or business interests of a select vestry member seem to conflict with those of the parish they serve. This interest can be direct or indirect and can include the interests of people or organisations connected to the member.

Conflicts of interest may inhibit free discussion at select vestry meetings, resulting in decisions or actions that are not in the best interests of the parish or risk the impression that the select vestry has acted improperly.

PURPOSE

The purpose of this policy is to assist charity trustees (**hereinafter referred to as The Select Vestry**) of the **Parish of Drumcondra, North Strand, and St Barnabas (hereinafter referred to as the Parish)** to effectively identify, record and manage any conflicts of interest in order to protect the integrity of the Parish of Drumcondra, North Strand and St Barnabas and to ensure that the Select Vestry act in the best interest of the Parish.

OBJECTIVE

The **Select Vestry** aims to ensure that the members are aware of their obligations to disclose any conflicts of interest that they may have, and to comply with this policy to ensure they effectively manage those conflicts of interest as representatives of Parish.

SCOPE

This policy applies to the members of the Select Vestry and any staff employed by the Parish.

DEFINITIONS OF CONFLICT OF INTEREST

A conflict of interest is any situation in which a Select Vestry member's personal interests or loyalties could, or could be seen to, prevent the Select Vestry member from making a decision in the best interests of the Parish. This personal interest may be direct or indirect and can include interests of a person connected to the Select Vestry member.

An example of a direct interest would be where a member stands to benefit financially from a decision by the select vestry to contract with a company which the member controls to provide services to the parish. An indirect interest would be if the member did not control the company but had shares in it or was a business partner in the company and stood to benefit indirectly from any profit made, or if the owner's spouse or other family member controlled the company.

It is unlikely that conflicts of interest can be completely avoided but any potential conflict should be identified and managed to avoid any adverse effects on the parish and to promote maximum accountability and transparency in the work of the select vestry. Even potential or perceived conflicts should be considered in order to protect the integrity and reputation of the select vestry..

POLICY

This policy has been developed because conflicts of interest commonly arise, and do not need to present a problem to the Parish if they are openly and effectively managed. It is the policy of the Parish as well as a responsibility of its Select Vestry, that ethical, legal, financial, or other conflicts of interest be avoided and that any such conflicts (where they do arise) do not conflict with their obligations to the Parish.

The Parish will manage conflicts of interest by requiring Select Vestry members to:

- avoid conflicts of interest where possible.
- identify and record any conflicts of interest.
- carefully manage any conflicts of interest, and
- follow this policy and respond to any breaches.

The Select Vestry is responsible for:

- establishing a system for identifying, disclosing, and managing conflicts of interest across the Parish.
- monitoring compliance with this policy; and
- reviewing this policy on an annual basis to ensure that the policy is operating effectively.

DIRECT OR INDIRECT INTEREST

An example of a direct interest would be where a member stands to benefit financially from a decision by the select vestry to contract with a company which the member controls to provide services to the parish. An indirect interest would be if the member did not control the company but had shares in it and stood to benefit indirectly from any profit made, or if the owner's spouse controlled the company. **CONNECTED PEOPLE AND ORGANISATIONS**

- Family members
- Corporate bodies to which the member is connected or is a beneficiary.
- Business partner.

It is unlikely that conflicts of interest can be completely avoided but any potential conflict should be identified and managed to avoid any adverse effects on the parish and to promote maximum accountability and transparency in the work of the select vestry. Even potential or perceived conflicts should be considered in order to protect the integrity and reputation of the select vestry.

HOW TO DEAL WITH A CONFLICT OF INTEREST

Follow the steps below which set out declaring the interest, withdrawing from the meeting, deciding the impact of the interest and recording the decision.

STEP 1: DECLARE THE CONFLICT

Any select vestry member who has a potential or actual, financial or other interest in a matter under discussion should declare their interest at the earliest opportunity. Even where the interest creates a minimum risk of bias but might reasonably cause others to think it could influence that member's decisions, the nature of the interest should be declared.

If a member is in any doubt about whether they have a conflict of interest, they should consult with the chairperson.

If a member fails to declare an interest that is known to other members, another member may declare that interest at the meeting.

STEP 2: WITHDRAW FROM THE MEETING

Unless otherwise directed by the remaining members, the conflicted member should leave the meeting while the others decide on the impact of the interest and whether the conflicted member's absence is appropriate or necessary.

STEP 3: DECIDE ON THE IMPACT OF THE INTEREST

The remaining members should decide by a vote if the interest affects the conflicted member's ability to act in the best interests of the parish.

CONFLICT LEVEL	SUGGESTED ACTION
No conflict	Member can return to the meeting in their full capacity
Deemed low level conflict	Potential conflict may be tolerated if certain actions are taken to protect the parish interests, e.g. exclude the conflicted member's vote from relevant decisions
Serious conflict	A conflicted member should be excluded from the meeting and any decision making related to the conflict

MAKING DECISIONS WHERE THERE MAY BE A CONFLICT

- All decisions should be made by vote, with a simple majority required
- A quorum must be present for the discussion and decision
- Conflicted members should not be counted when deciding whether the meeting is quorate
- Conflicted members may not vote on matters deemed to affect their own personal interests

STEP 4: RECORDING THE DECISION

All decisions made about conflicts of interest and the matters concerned should be recorded in the minutes, noting the following:

- the member who has declared a conflict
- the nature and extent of the conflict

- a summary of the discussion
- the actions taken to manage the conflict

Best practice suggests that if a member shall receive personal benefit for any reason, even where the risk of a conflict of interest has been dismissed, this should be fully disclosed in the minutes. **KEEP A REGISTER OF INTERESTS**

It is good practice to keep a record of members' interests in a register, noting the following:

- Name of member
- Description of interest (whether direct or indirect and whether current or past)
- Whether the interest is deemed by the select vestry to be a risk to the best interests of the parish

CONFIDENTIAL INFORMATION

Confidential information provided by select vestry members in the course of dealing with a conflict of interest should be kept confidential by the select vestry and not be disclosed or used for any other purpose.

GIFTS & HOSPITALITY

Gifts and hospitality with nominal value may be accepted but only if gifts are not given or received with an expectation that an obligation is owed as a result of accepting the gift.

Gifts and hospitality intended to influence the select vestry's decision making should never be accepted.
