Statement of Trustees' responsibilities

The Trustees of the Parish are required to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the Parish as at the end of the financial year and of the results for that period. The financial statements are to be prepared in accordance with applicable law and regulations.

Charity law requires the Trustees to prepare financial statements for each financial year. Under that law the Trustees have elected to prepare the financial statements in accordance with the Irish Law and FRS 102 – 'The Financial Reporting Standard Applicable in the UK and Republic of Ireland', Section 1A (Small Entities). Under law the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Parish and of the profit or loss of the Parish for the period.

In preparing the financial statements, the Trustees are required to: Select suitable accounting policies and apply them consistently; Make reasonable prudent judgements and accounting estimates;

Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the Parish will continue in operation.

Independent Auditors Report to the Select Vestry as a Body of The Parish of Drumcondra North Strand & St. Barnabas

Opinion

I have audited the financial statements of the Parish of Drumcondra, North Strand & St. Barnabas (The Parish) for the year ended 31st December 2024 which comprise the Statement of Financial Activities, The Balance Sheet and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable Irish Law and Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland, applying Section 1A of the Standard.

In our opinion, the financial statements:

- give a true and fair view of the state of the Parish's affairs as at 31st December 2024 and of its incoming resources and application of resources for the year then ended
- Have been properly prepared in accordance with Financial Reporting Standard FRS102 Financial Reporting Standard applicable in the UK and the Republic of Ireland, applying Section 1A of that Standard
- Have been properly prepared in accordance with the requirements of the Charities Act 2009.

Basis for Opinion

I conducted my audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of my report. I am independent of the Parish in accordance with ethical requirements that are relevant to my audit of financial statements in Ireland, including the Ethical Standards for Auditors (Ireland) issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and the provisions available for small entities, in the circumstances set out in Note 25 to the financial statements and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, I have concluded that the Trustee's use of the going concern basis of accounting in the preparation of financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that individually or collectively, may cast significant doubt on the Parish's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

My responsibility and the responsibilities of the Trustees with respect to going concern are described in the relevant section of my report,

Other information

The Trustees are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and my Auditors Report thereon. My opinion of the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance or conclusion thereon.

In connection with my audit of the financial statements my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work I have performed, I conclude that there is a material misstatement of the other information, I am required to report that fact. I have nothing to report in this regard.

Independent Auditors Report to the Select Vestry as a Body of The Parish of Drumcondra North Strand & St. Barnabas - Contd

Matters on which I am required to report by exception

I have nothing to report in respect of the following matters where the Charities Act 2009 requires me to report to you if, in my opinion:

- The information given in respect of the Trustees' Report is inconsistent in any material respect with the financial statement; or
- Sufficient accounting records have not been kept
- The financial statements are not in agreement with the accounting records and returns; or
- I have not received all of the information and explanations that I require for my audit.

Responsibilities of the Trustees

As explained more fully in the Trustees' Responsibilities Statement, the Trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Parish's ability to continue as a going concern, disclosing, as applicable, matters related to the going concern and using the going concern basis of accounting unless the Trustees either intend to cease operation, or has no realistic alternative but to do so.

Auditors Responsibility for the audit of the financial statements

My objectives are to obtain reasonable assurances about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors Report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA's (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of user taken on the basis of these financial statements.

A further description of my responsibilities for the audit of financial statements is located on the IAASA's website at http://www.iaasa.ie/publications/Auditing-standards. This description forms part of my auditors report.

The purpose of my audit work and to whom I owe my responsibilities

My report is made solely to the Trustees, as a body, in accordance with our engagement letter. My audit work has been undertaken so that I might state to the Trustees those matters I am required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other that the Trustees as a body, for my audit work, for this report, or for the opinions I have formed.

Parish of Drumcondra North Strand St Barnabas Year ended 31st December 2024 Registered Charity Number: 20001964 Chy 1280

Accounts Notes

1. General Information

The financial statements comprising the Statement of Financial Activities, Balance Sheet and the related notes constitute the individual financial statements of the Parish of Drumcondra, North Strand & St. Barnabas for the year ended 31st December 2024.

The Parish of Drumcondra, North Strand & St. Barnabas is a Charity registered in the Republic of Ireland under charity number 20001964. The principal activities of the Parish are set out in the Trustees' Report. The financial statements have been presented in Euro which is also the functional currency of the Parish.

2. Accounting Policies

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

2.1 Statement of compliance

The financial statements for the Parish for the year ended 31st December 2024 have been prepared on the going concern basis and in accordance with accounting standards generally accepted in Ireland and the UK and in accordance with the Financial Standard applicable in the UK and the Republic of Ireland (FRS 102 Section 1A (Small entities)) issued by the Financial Reporting Council, as promulgated by Chartered Accountants Ireland.

2.2 Basis of Preparation

The financial statements have been prepared in accordance with the historical cost convention unless otherwise stated and in accordance with these accounting policies and in accordance with S1A of Financial Reporting Standard FRS 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland.

2.3 Receipts and Payments Account

All income is recognised once the Parish has entitlement to the income, the amount can be quantified with reasonable accuracy and the income has been received. The recognition of income from legacies is depending on establishing entitlement, the probability of receipts and the ability to estimate with sufficient accuracy the amount receivable. Evidence of entitlement to a legacy exists when the Parish has sufficient evidence that a gift has been left to them (though knowledge of a valid will and the death of the benefactor and executor is satisfied that the property in question will not be required to satisfy claims in the estate). Receipt of a legacy must be recognised when it is probable that it will be received and the fair value of the amount receivable, which will generally be the expected cash amount to be distributed to the Parish can be reliably measured. The following specific policies are applied to particular categories of income: Voluntary income is received by way of weekly envelope and plate collection and EFTs. It is included in full in the Statement of Financial Activities when it received.

Income resources from charitable activities, other trading activities and other resources is accounted for when it is received.

Legacy income is recognised at the earlier of the date of which either: the Parish is aware that probate has been granted, the estate has been finalised and notification has been made by the executor to the Parish that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy is only considered probable when the amount can be measured reliably, and the Parish has been notified of the executors intention to make a distribution. Where legacies have been notified to the Parish or the Parish is aware of the granting of probate and the criteria for income recognition has not been met, then the legacy is treated as a contingent asset and disclosed if material.

General volunteer time is not recognised. Please refer to the Trustee Report for more information about their contribution.

Accounts Notes Continued

2.4 Property

Churches, graveyard and the Parish Hall are deemed 'Heritage assets' as defined by the Charities SORP (FRS102). These Heritage assets are not included in the Balance Sheet as information on their cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts.

Residential Building - the Parish is entitled to earn long term rental income from these properties. They are recognised at the valuation for the purpose of LTP and are carried at fair value. Changes in fair value are recognised in the statement of financial activity within 'net gain/loss on investments'.

2.5 Investments

Investments in RCB Unit Trusts are initially recorded at cost and then subsequently stated at fair market value at each year end date. The Solidarity Bonds are invested for 10 years and are valued at cost price. Income from investments together with any related tax credit is recognised in the Income Statement account in the year in which it is receivable.

2.6 Restricted Funds

Restricted Funds can only be used for a particular restricted purpose within the objectives of the Parish. Restrictions arise when specified by the donor or when funds are raised for a particular restricted activity.

Tenants Deposit: The advance rent paid by tenants

North Strand Flower Fund: For the provision of Flowers in North Strand Church Rector's Support Fund: Funds for the rector to help individuals in financial difficulty

Charity Giving: Giving for specific charities

Drumcondra Facilities Fund: Funds for the provision of better facilities at Drumcondra Church

2.7 Unrestricted Funds

Unrestricted funds are donations and other incoming resources received or generated which are expendable at the discretion of the Parish in furtherance of its objectives.

2.8 Designated Funds

Designated funds are those restricted funds which have been set aside by Trustees for an essential spend or future purpose.

Wednesday Morning Fellowship. Funds collected by the Wednesday Morning Fellowship to be spent on North Strand Church.

Bungalow & Cottage Repair Fund: Part of the rent set aside each month for the repair and upkeep of both rented properties.

North Strand Parish Hall Repair Fund: part of the rent is set aside for the repair and upkeep for the hall.

North Strand Church Refurbishment Fund: funds raised for the refurbishment of North Strand Church.

Chancel Guild: Funds collected by the Chancel Guild to be spent on Drumcondra Church.

2.9 Going concern

Given the level of net funds that the Parish holds, the Select Vestry considers that there are no material uncertainties about the Parish's ability to continue as a going concern. The validity of this assumption is dependent on achieving sufficient operating cash flow for the future years.

As at 31 December 2024, the Parish had a surplus of €182 (2023:€319 deficit). The Parish does have net asssets in excess of liabilities of EUR 2,052,068 (2023:€2,041,187). The Select Vestry are satisfied with the level of retained reserves at year end. After making the appropriate enquiries, the Select Vestry have a reasonable expectation that the Parish has sufficient resources to continue in operational existence for the forseeable future. The Select Vestry having reviewed the accounts for 2024 and the level of available resources are satisfied that there are appropriate resources in place to ensure that the Parish can continue with its activities. For this reason they continue to adopt this going concern basis.

Parish of Drumcondra, North Strand St Barnabas Year ended 31st December 2024 Registered Charity Number: 20001964 CHY 1280

2.10 Resources expended

All expenditure is accounted for on a cash basis and has been included under expense categories that aggregate all costs for allocation for activities. When costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with resources.

Support costs are those costs incurred directly in support of expenditure on the activities of the Parish. Governance costs are those incurred in connection with the administration of the Parish and compliance with constitutional and regulatory requirements.

2.11 Financial Instruments

The Parish only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

2.12 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand, deposits held with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more that three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.13 Taxation

The Parish has been granted charitable status by the Revenue Comissioners under Section 207 and 208 of the Taxes Consolidation Act 1997.

3. Critical accounting estimates and judgements

The preparation of these financial statements requires the Trustees to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabliities, income and expenses. Judgements and estimates are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Parish makes estimates and assumptions concerning the future. The resulting accounting estimates, will by definition, seldom equal the actual results.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Investment properties are stated on a fair value basis based in the valuation performed by an independent professional valuer with recent experience in the location and category of property valued. The valuer used observable market prices adjusted as necessary for any difference in the future, location or condition of the specific asset. There is a degree of judgement involved in the property valuation.
